Jinwoo Lee

Software Engineer

I am a React Developer who is passionate about writing quality code and excited to learn new technologies. Mostly skilled in the frontend development, but knowledgeable of the backend and CI/CD requirements and its implementations. No problem working under pressure and adapting to new situations and challenges to best suit the product and needs.

Work History

2021-06 - Current

Full Stack Developer
Clearhead, Auckland
Currently working on the v.2 release of the *Wellbeing Portal*.
